Training & Learning Software

Award-Winning Training via the VelocityEHS Safety Solution

Developing course content and managing your workers' professional development paths can be a huge drain on your time and resources. Yet, training and learning is one critical program no global enterprise can afford to short-change.

Delivering training that drives productivity, compliance and quality means implementing a training program that evolves with your organization's changing training needs.

Training & Learning, part of the VelocityEHS Safety Solution on the Accelerate Platform, is a comprehensive cloud software solution to simplify training compliance and maximize your training program performance.

Core Capabilities

- Training Management
- Expert-Designed Training
- 750+ Micro-Learning Courses
- Multiple-Languages
- SCORM Content Import
- eLearning Dev Tools
- Learning Management System (LMS)
- Advanced Reporting & Analytics

"With this solution, I can instantly see who has finished and passed which trainings, and I can easily pull up this information for an inspector."

Sarah Michaud - Quality, Safety & Compliance Manager - StrataDX
