

## Inspections

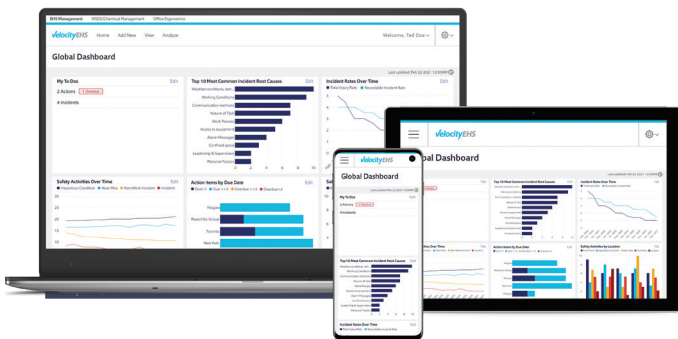

# Take the Surprise Out of Inspections

Keeping inspections on schedule and ensuring your team is using the most up-to-date checklists are never-ending tasks.

They are also easy problems for EHS software to solve, even for recurring inspections in heavily regulated environments.

VelocityEHS centralizes and standardizes your inspection program so you can confirm people are performing the right inspections at the right times. Better data, mobile access, and auto-alerts makes everyone smarter and more accountable.

### Core Capabilities

- Date Organizer
- Scheduling & Assigning
- Recurring Inspections
- Electronic Checklists
- Auto-Notifications
- Auto-Escalating Reminders
- Actions Tracking
- Performance Reporting
- Enhesa/STP Integration
- Online/Offline Mobile App

*"Some of the new functions that we did not have before include the ability to add pictures or documents as attachments to reports, or have automatic notifications and due dates sent as part of the assignment process. In every way you can think of, it's been a pretty big positive."*
