

Control of Work

# Stay in Control of Your Permits & Contractors

Control of work is essential for ensuring that every person who comes through your gates is properly vetted, trained and approved. Without the right system, critical tasks can slip through the cracks, increasing risk and noncompliance.

VelocityEHS Control of Work makes it easy to confirm that permit work is completed in a safe and compliant manner, and that no unqualified contractors are working on site. Our cloud solution gives you the tools to protect your employees and reduce risk, while increasing visibility for stakeholders.

### Core Capabilities

- Electronic Permit-to-Work
- Contractor Management
- Contractor Self-Serve Portal
- Qualification Management
- Visitor Management
- Induction & Orientation
- Dashboards & Reports

*"[VelocityEHS] has greatly added value to our business. The process efficiencies gained through their systems has provided us with a return on investment within six months."*

*Michael Tuohy - EHS Manager, AbbVie*

### Best-in-Class Control of Work:

**Is your current control of work program actually creating risk by using disparate systems and inefficient processes?**

**Gain peace of mind with 100% certainty that every contractor onsite is safe and compliant.**

- Easily add and manage all key company details and qualifications
- Assign roles to individual contractors
- View visitor calendar and get notice of contractors due on site
- Manage contractor induction and orientation anytime, anywhere

**Are essential tasks and details falling through the cracks, resulting in incomplete or insufficiently closed permits?**

**Button up your processes and work smarter, not harder, with automated and electronic workflows and documentation.**

- Reduce the manual work of administrative tasks
- Simplify audit prep
- Empower contractors to self-manage qualification and induction
- Save time and money through streamlined workflows

**Are you struggling to enforce processes due to a lack of controls and standardization across multiple sites?**

**Seamlessly manage the complete contractor journey and electronic permit-to-work process in a centralized system.**

- Raise, review, approve, close and print permits
- Manage conflicts and on-site activity with site map and calendar
- Access dashboards and create reports on permit status
