

Control of Work

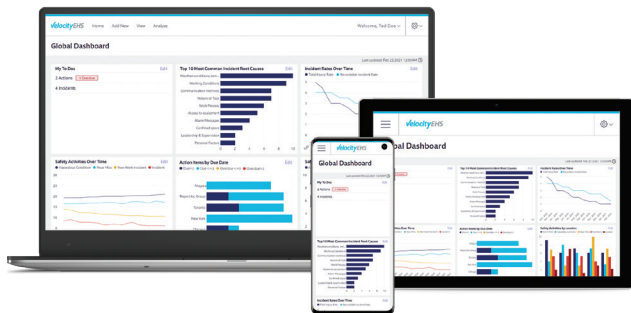

Stay in Control of Your Permits & Contractors

Contractors working on site leave your company vulnerable, especially if you're still using manual processes to check vendor qualifications, administer training and issue permits.

How do you ensure that every visitor is properly vetted when issuing 10-60 (or more) permits a day? Without the right cloud-based solution, critical tasks slip through the cracks, increasing risk and noncompliance.

VelocityEHS Control of Work makes it easy to confirm permit work is completed in a safe and compliant manner, and that no unqualified contractors are working on site. Protect your employees, reduce risk, and increase visibility for everyone.

Core Capabilities

- Electronic Permit-to-Work
- Site-Specific Activity Map
- Contractor Management
- Contractor Self-Serve Portal
- Qualification Management
- Visitor Recognition & Management
- Induction & Orientation
- Dashboards & Reports
- COVID-19 Controls

"The VelocityEHS team was determined to ensure the best system be implemented, allowing maximum flexibility for future improvements when required. I can confidently endorse VelocityEHS and the work they have done."

Dan Donovan - Technical Services Leader, DePuy

Best-in-Class Control of Work:

Is your control of work program actually creating risk by using disparate systems and inefficient processes?

Button up your processes and work smarter, not harder, with automated and electronic workflows and documentation.

- Centralize stakeholder activities in a single, cloud-based solution
- Automate manual tasks & streamline workflows & approvals
- Collect contractor qualifications, records & documentation
- Manage contractor training & orientation anytime, anywhere

Do you feel like you spend more time and do more work for your contractors than they actually do for you?

Drive contractor accountability and gain the peace of mind that every contractor on site is compliant and working safely.

- Provide contractor self-serve portal for induction, qualification
- Assign roles to individual contractors & identify dependencies
- Control visitor calendar & auto-alerts for contractors due on site
- Visualize all contractor activities on custom facility sitemap

Are you struggling to enforce processes due to a lack of controls and standardization across multiple sites?

Seamlessly manage the complete contractor journey and electronic permit-to-work process in a centralized system.

- Raise, review, approve, print & auto-close permits
- Simplify compliance & audit prep with up-to-date records
- Run contractor/visitor recognition & check-in process tools
- Give stakeholders real-time dashboards & permit status reports
