

Don't Just Manage Change, Master It

Part of the VelocityEHS Operational Risk Solution

Complex process changes require precise coordination and oversight. For those in highly process oriented industries, Management of Change (MoC) is not just a nice to have, it's a regulatory requirement.

VelocityEHS Management of Change provides a seamless, centralized system for defining and scheduling change, designing workflows, managing documents, creating and deploying checklists, tracking approvals, and assigning action items.

With VelocityEHS, you don't have to sacrifice accuracy for efficiency and speed. You owe it to yourself and your employees to find out how much easier and stress-free Management of Change can be.

Core Capabilities:

- + Workflow management
- + Pre-startup checklist
- + Post-startup checklist
- + Design review checklist
- + Status notifications
- + Audit trail
- + For permanent, temporary & emergency changes

Features & Benefits

VelocityEHS Management of Change: Keep everyone on the same page — every step, every stage, every time.

- ✓ **Reduce operational change complexity.**
 - + Maintain a complete record of workflows, changes and approvals
 - + Store and share documents and media
 - + Control workflows with integrated sign-offs and approvals
 - + Customizable Pre-Startup Safety Review (PSSR), post-implementation, and design review checklists
- ✓ **Gain enterprise-wide visibility.**
 - + Provide transparency of the change management program
 - + Search outstanding change requests to track status and completion
 - + Track pre-startup and post-implementation action items
 - + Escalate email notifications when deadlines are approaching or overdue
- ✓ **Simplify compliance.**
 - + Generate reports on the current status of all changes
 - + Ensure compliance with OSHA's Process Safety Management (PSM) regulations
 - + Create an audit trail with efficient tracking at each stage

What's your biggest challenge?
