

Ensure All On-Site Contractors Are Vetted & Approved

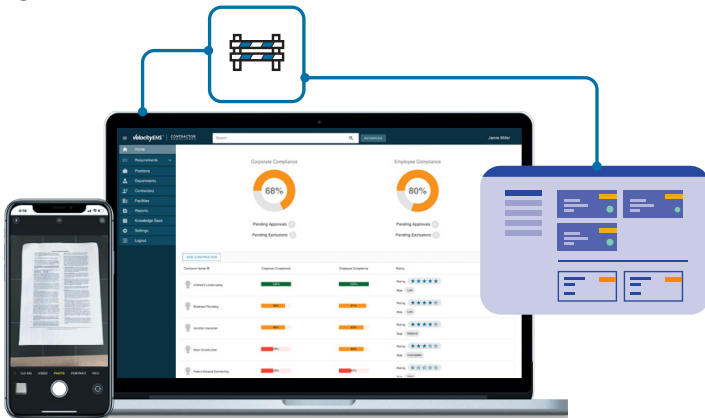

Part of the VelocityEHS Contractor Safety & Permit to Work Solution

Is your current contractor safety management program creating risk by using outdated or manual processes?

Managing the flow of visitors, contractors and vendors coming in and out of your facility, while ensuring all of the proper documents and credentials are in place for the work they do, is too much for one person or even a small team of people to do properly with spreadsheets or outdated systems.

Taking back control of contractors is easy with **VelocityEHS Contractor Safety** software. You'll gain peace of mind with 100% certainty that the right people are in the right places, doing the right work.

Core Capabilities:

- + Contractor self-service
- + Qualification management
- + Induction & orientation
- + Customizable functionality
- + Multi-language support

Features & Benefits

VelocityEHS Contractor Safety ensures only qualified contractors with permits enter your worksite.

- ✓ **360° visibility of contractors.**
 - + Get real-time insights into contractor compliance with regulatory and company requirements
 - + Improve contractor safety and reduce third-party risk
 - + Be prepared with comprehensive, audit-ready reporting
- ✓ **Centralized contractor safety.**
 - + Manage contractor induction and orientation from anywhere
 - + Track contracting companies, sub-contractors and individual contractors in your database
 - + Get alerts when contractor documents and qualifications need to be renewed
- ✓ **Contractor self-management portal.**
 - + Dedicated portal for contractors to submit their own details and documentation
 - + Configurable pre-entry forms, training modules and questionnaires.
 - + Save significant admin time
 - + Prevent unqualified contractors from entering site

What's your biggest challenge?
